

Hello,

We recently issued a press release about an additional way St. Croix County Public Health will contact residents that have tested positive for COVID-19. The full press release can be found on the St. Croix County website here: <https://www.sccwi.gov/CivicAlerts.aspx?AID=149>

For Immediate Release

Hudson, WI: Due to the high volume of positive COVID-19 cases, St. Croix County Public Health has not been able to contact everyone who tested positive for COVID-19 by phone within 24 hours. Starting December 3, 2020, St. Croix County Public Health will begin sending automated text, phone, and email alerts to residents who tested positive and have not been contacted by Public Health. These automated alerts will provide information about what to do after testing positive for COVID-19.
