

Hello,

We just announced that St. Croix County is partnering with the Wisconsin Army National Guard to provide a free COVID-19 drive-through testing site in Hudson, WI. Testing will be administered by the Wisconsin Army National Guard at the [St. Croix County Highway Shop in Hudson](#) from April 15 through May 27. The site will be open on Thursdays from 9 am to 2 pm.

Testing at this location is available for anyone who has symptoms of COVID-19 or who has been in close contact with someone who tested positive for the virus. The tests are free, and no insurance is needed. All individuals receiving a test will remain in their vehicle. Although appointments are not required, we recommend pre-registering to speed up the testing process. You can pre-register at register.covidconnect.wi.gov/. A parent or guardian must be present to consent for testing minors between the ages of 5 to 17.

With the recent increase in COVID-19 cases in the county and variants spreading throughout Wisconsin and Minnesota, testing is even more important. Testing informs us if we have the virus and to take the proper safety measures to take care of ourselves and avoid spreading it to others.

More testing information can be found on the St. Croix County website: <https://www.sccwi.gov/961/COVID-19-Testing>.
