

Hello,

We just issued a press release announcing that St. Croix County Public Health has updated and extended their Mask Advisory until October 5, 2021. Under the Mask Advisory, Public Health recommends every individual, age five and older, in St. Croix County wear a face mask if the following apply:

- The individual is not fully vaccinated or
- The individual is fully vaccinated and is
 - In public indoor settings when the level of community transmission in St. Croix County is at a “substantial” or “high” level.
 - Our current transmission level is updated weekly can be found on the [St. Croix County COVID-19 Dashboard](#).
 - At local businesses and workplaces which ask individuals to mask.
 - In healthcare settings.
 - In K-12 schools (students, staff, and visitors).
 - At a place where masks are required by local, tribal, or territorial laws, rules, and regulations.
 - If they are residents or employees in a correctional or detention facility, jail, or homeless shelter.

St. Croix County Public Health has updated our COVID-19 Dashboard to reflect this new guidance. The dashboard shows the current level of COVID-19 transmission (low, moderate, substantial, and high) in St. Croix County and the steps that should be taken at each level to keep everyone safe. The level of transmission will be updated once per week based on the current level of community transmission.
